SMART INDIA HACKATHON 2020

Inviting all technology students to join online trainings on

Designing Digital Solution

- 45+ hours of Training Programs
- Best Industry Experts/ Coaches
- Eligibility: Technology students from all institutions

To join trainings, log on to:

https://swayam.gov.in/nd2_aic19_de01/preview

Available Trainings

Planning for Effective Project Readiness (Module 1)	Overview of Machine Learning (Module 1)
Planning for Effective Project Readiness (Module 2)	Overview of Machine Learning (Module 2)
Research Methodology	Overview of Node.js (Module 1)
Mind Mapping (Module 1)	Overview of Node.js (Module 2)
Mind Mapping (Module 2)	Overview of Angular (Module 1)
Brainstorming for Defining Ideas (Module 1)	Overview of Angular (Module 2)
Brainstorming for Defining Ideas (Module 2)	Overview of React Native (Module 1)
Fundamentals of Design (Design Thinking)	Overview of React Native (Module 2)
Fundamentals of Design (Product Design)	Overview of Android App Development (Module 1)
Fundamentals of Design (User Experience)	Overview of Android App Development (Module 2)
Version Control (Module 1)	Overview of Arduino (Module 1)
Version Control (Module 2)	Overview of Arduino (Module 2)
Software Architecture (Module 1)	Overview of Raspberry Pi (Module 1)
Software Architecture (Module 2)	Overview of Raspberry Pi (Module 2)
Best practices of Software Testing	Presentation and Communication Skills (Module 1)
Data Analytics with Python (Module 1)	Presentation and Communication Skills (Module 2)
Data Analytics with Python (Module 2)	Insights into Patents and IPR
Rapid Prototyping	

Benefit from our Comprehensive Trainings & Gain Competitive Edge!

Stay Tuned for our Upcoming Trainings!

Core Java (Part 1)	Core Java (Part 2)
Robotic Process Automation	Data Analytics and Reporting
IoT	Agile & SAFe
Blockchain	Blockchain - Ethereum
