Email-dryash213@gmail.com

Further, the Problem Statements for the SIH 2022 is also enclosed herewith for further necessary action.

Smart India Hackathon (SIH) 2022- Problem Statements

Problem Statement-1 No Proper Medical record of individual.

Introduction:- Currently using traditional databases and paper records, we can't determine the past history of a person's disease. The medical records are stored within individual document based records. This consumes human resources and slows down the medical process.
